## Web Developer

Solution-driven Web developer adept at contributing to highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer-focused websites using HTML, CSS, and JavaScript. Committed to high standards of user experience, usability and speed for multiple users. Lends detailed knowledge of SEO to increase visibility.

### Programming Languages

- HTML5
- CSS3
- JavaScript

### Work History

#### 2023-09 - 2024-02 Front End Web Developer Intern

*CISH.NG Limited, Lagos, NG*

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3.
- Developed interactive prototypes using HTML, CSS, JavaScript, and jQuery for client presentations and feedback sessions.
- Utilized version control tools like GitHub to manage code, track changes, and collaborate with fellow developers.
- Improved site visibility by implementing SEO best practices, increasing organic traffic.
- Worked closely with UX/UI designers to ensure proper implementation of designs across multiple devices while adhering to established style guides.
- Participated in weekly team meetings to discuss project progress, share knowledge, and collaborate on problem-solving strategies.
- Streamlined website responsiveness on mobile devices, significantly enhancing user experience.
- Participated in agile development cycles, contributing to timely delivery of high-quality software products.
- Collaborated with design team to implement user-friendly interfaces, improving customer engagement.
- Enhanced website functionality by optimizing existing code and implementing new features.

### Projects

Restaurant Website, **Jays Kitchen** – Frontend Developer

Link: <https://jayskitchen.vercel.app>

- Developed and designed a fully responsive website for Jay's Kitchen, a local restaurant, enhancing its online presence and customer engagement.
- Implemented interactive features using JavaScript, including a dynamic menu display, reservation form, and contact page to improve user experience.
- Styled the website with CSS to create an appealing and user-friendly interface that reflects the brand's identity.

#### Advanced Diploma: Web And Mobile Application Development

*CDI College - Toronto, ON*

2023-07

#### Advanced Diploma: Frontend Developer

- Optimized the site for various devices and browsers, ensuring accessibility and a consistent experience across platforms.

Care Finder Website, **Care Gazer** – Frontend Developer

Link: <https://care-gazer.vercel.app/>

- Spearheaded the development of a cutting-edge, responsive web application using Next.js, TypeScript, and Tailwind CSS, revolutionizing the user experience for hospital discovery and appointment booking.
- Implemented TypeScript with precision, instilling static typing to elevate code reliability and maintainability, showcasing a commitment to delivering robust and error-free solutions.
- Engineered the application with Next.js for superior server-side rendering, strategically optimizing performance metrics and achieving remarkable reductions in page load times, ensuring a seamless and efficient end-user interaction.
- Crafted a visually stunning and consistently designed user interface employing Tailwind CSS, emphasizing a user-centric approach and delivering an exceptional, device-agnostic layout.
- Showcased proficiency in a comprehensive tech stack, featuring Next.js, TypeScript, Tailwind CSS, JavaScript, HTML, and CSS, underscoring a versatile skill set and dedication to utilizing the best tools for optimal outcomes.

E-commerce Website, **Africommerce**- Frontend Developer

Link: <https://github.com/ufomaodufejo/africommerce-saas>

- Initiated and cultivated collaboration in a thriving open-source e-commerce project on GitHub, engaging with 20 software developers to maximize partnership opportunities and contribute to the project's success.
- Collaborated seamlessly with a dedicated team comprising 10 frontend developers and 8 backend developers to develop and maintain a feature-rich e-commerce site utilizing React and Material UI, emphasizing effective teamwork and project cohesion
- Led the creation of three pivotal features - the profile page, wishlist page, and sent refund request page - showcasing a proactive approach to enhancing user experience. Implemented design improvements based on valuable feedback from project managers, ensuring alignment with project goals.
- Actively participated in weekly stand-up meetings, presenting comprehensive project updates and proposing innovative ideas to streamline workflows and improve project efficiency.
- Contributed significantly to the project's success by improving existing codebase to implement mobile responsiveness, enhancing the site's accessibility across various devices and optimizing the overall user experience.

*AltSchool Africa - Lagos,NG*
